DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 5

ADA, OKLAHOMA, SATURDAY EVENING, NOVEMBER 7, 1908

NUMBER 192

## IT IS IN A MUDDLE

Guthrie, Nov. 6.—It now develops the legislature made a blunder in submitting the agency, which, if carried to the courts, may set aside the intent of those people voting against it. The statement is the legislature had no authority to submit through the referendum a law passed as an emergency; also, that in submitting it three questions were included, whereas they should have been separated. It is safe to say 70 per cent of those voting against the agency did so under the belief a majority of votes against it would mean a repeal of the law and put the dispensary out of business. However, with the present complaint sustained by the courts, only the extension of the system to towns less than 2,000 people has been prohibited. The status of the question was discovered, it is said, by the Anti-Saloon League four weeks ago, and

a request was then made to withdraw it, but being a legislative matter no power other than the courts could accomplish this, and the courts were not appealed to.

It may be stated more or less officially the administration favors permitting the intent of the legislature and the people to prevail, but it is also intimated from other sources the Anti-Saloon League may have the question tested with the view of preserving the agency intact.

Guthrie, Okla., Nov. 6.—Attorney General West will be asked to pass on the question that arises in connection with the assured defeat of the first state proposition, the dispensary agency—whether, as a matter of law, the vote will eliminate the state agency entirely or permit its continuance.

The problem is engrossing democratic leaders. A party opinion upon the attitude the party will assume will, of course, not be vouchsafed by any prominent leader tonight, be-

cause the whole question is too much "up in the air."

From a purely legal standpoint, leaving out the probable wishes of position which will be taken by either of the parties, is the state dispensary abrogated by the vote of disapproval, the preponderance of which no one now can doubt? Some of the most prominent lawyers in the state say that it is not.

It must be understood that no attempt is being made to convey the impression that any responsible member of either party has tried to pledge the organization to a position on this delicate problem. The people have made their decision unmistakably plain, judging from almost complete returns in the election. But the legal aspect must be considered because, if the matter is brought into court, it is that feature which will weigh.

One of the best known attorneys of Oklahoma said tonight:

"The vote on the dispensary question is only a moral obligation, absolutely no more. Why? Simply because an emergency bill, such as the prohibition enforcement measure was, cannot be submitted by the referendum."

Another legal reason advanced is that three questions, separately defined, are included in the submission of the bill to the people; whether the agency shall become a part of the constitution; whether it shall be discontinued or remain as a statute.

Many democrats say that the party would not consider retaining the system since the people have declared against it. That, however, at the present, is not the question. The burning issue to the state is whether there are legal grounds for bearing out the argument given above by lawyers whose opinion is held worthy of consideration.

### Illinois to Be Contested.

Chicago, Nov. 6.—The re-election of governor Charles S. Deneen will be contested, according to a signed statement issued tonight by Charles Boeschstein, chairman of the democratic state central committee. The statement follows:

"I am convinced that with a correct count and an honest canvass A. N. Stevenson has a plurality of

the vote cast in the election last Tuesday for governor of Illinois. We will demand that the ballots be recounted."

Governor Deneen's plurality is estimated at from 23,000 to 26,000. Ben Atwell, secretary, explained that errors had already been discovered in several precincts, and it was calculated that if only three ballots in each 4040 voting precincts in Illinois were taken from Deneen and given on recount to Stevenson, the latter would seem to have won the election.

### Missouri Returns.

St. Louis, Mo., Nov. 6.—A complete unofficial count of the senatorial ballot gives Senator Stone of plurality of 18,744, his nearest opponent being Gov. Folk, who received 131,878 votes. Stone's total vote was 150,622. Lieut. Gov. John McKinley is the republican candidate.

The streets of Ada are crowded today with farmers and the stores are doing a good business—especially those that are advertising.

But with it all don't forget importance of good roads.—Denison Herald.

Yes, with good roads, most any kind of administration of public affairs can be stood, if half way right.

Cannonism was one of the issues of the late campaign and the republicans triumphed. The republican majority will re-elect Cannon as speaker. He is entitled to the honor, according to popular verdict. Congress will appropriate funds for the creation of a greater navy and a larger standing army, and that iniquitous measure, the ship subsidy bill, now has a chance for enactment. Billion dollar sessions of congress will hereafter become common.—Oklahoman.

Well, let 'em pile it on—the heavier the burden the quicker the people will come to a realization of what they are up against, when republicans are continued in power indefinitely.

## PRESS COMMENT.

Oklahoma comes out of the political tornado in about the same relation to the rest of the country as a grain of wheat amidst a bushel of chaff.—Oklahoman.

The London Times expresses pleasure over the election of Mr. Taft, which is just about what might be expected of a paper that costs fifteen dollars a year.—Dallas News.

The democrats should see to it that a big man is named as speaker in the next Oklahoma house. The people want business transacted in a business-like manner, and are opposed to wrangling.—Muskogee Times Democrat.

The conviction of Morse and Curtis was evidently warranted by the testimony. They are entitled to medals as the greatest frenzied financiers of modern times. Morse is especially entitled to favorable mention in this regard. Whether the conviction sticks or not he will wish he had not monkeyed with the national banking regulations before he is through with the matter.—Denison Herald.

## ACTIVE DEMANDS FOR STOCKS.

General Improvement in Demand for Securities.

New York, Nov. 6.—There was an outburst of speculation in the stock market today which swept prices to higher levels in a sensational manner.

Commercial houses reported a large influx of buying orders from Western sources and from large Eastern cities. The industrial stocks were conspicuous; iron and steel issues in heavy demand. Railroads most affected were those which have not moved upward before in accord with the advance in the speculative leaders.

The speech of Judge Taft assuring non-interference with honest corporations was accepted as a motive for the buying. Reports of the placing of large orders in industrial lines were alleged. Activity in the metal market helped.

Settlement of the Lancashire cotton mill strike was expected to help the demand for cotton.

Many unverified rumors accompanied the animated speculation which had run up a total of three quarters of a million shares transferred by noon.

Advances of 2 to over 4 points were numerous all through the list of active stocks.

## FAMILY RELIGION.

In the time of John Knox the General Assembly of the Church of Scotland provided that the head of the family, if he neglected family worship, should be reproved by the session, and if he did not amend should be debarred from the Lord's Supper. One hundred years ago the General Assembly of the American Presbyterian Church declared that "a Christian family living without family religion is a contradiction. It argues on the part of such professors an awful declension, and a criminal dereliction of duty." Public opinion then approved of the mind of the church and helped to enforce its discipline. We believe that the family altar is not less essential to the wholesome life of the nation now than it was a century ago, but it needs a great revival of family religion to restore it to its rightful place. The Presbyterian Standard has done well to issue a special number devoted to this subject. It ought not to seem as quaint as it does to read these articles on The Father as Priest, the training of children in the Bible and in singing, the influence of family worship on the church and on the State, and on different ways of conducting it. Probably little good would be done by a church attempting to discipline its members for not maintaining daily family prayer. Some churches indeed would have to begin with the minister and deacons. But it might be helpful to commend publicly those who keep the custom. But it may be made a fruitful theme for the church prayer meeting just at this time.—Ex.

## SEEK THE LORD.

The humming bird is, apparently, one of the quickest in scenting what it loves and is good for it in the flowers, as well as what is not. No bird shows its aversion to what is repulsive, or even the absence of good to it, both so peremptorily and decisively. This is the bird that is set, as a lover of that which is palatable among the flowers, and a busy seeker after it, over against the vulture that flies busily with head downward in search of carrion. The one illustrating those among men with a ken for the pure and sound, and the other that which is impure and unsound. It is deplorable that there are so many engaged with so great license and activity in exploiting the shortcomings of all sorts found in the lives of their fellows. Love rejoiceth not in iniquity. Faith purifieth the heart, but it works by love.—Ex.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

### Grand Jury Report.

In the District Court in and for the Eleventh Judicial District of the State of Oklahoma, Held in Pontotoc County, at the October term, 1908.

To the Honorable A. T. West, Judge of Said Court:

We, the grand jury, in the above court, hereby submit to your honor our final report. We have been in session for nine days, and during that time we have examined into all classes of offenses committed and triable in Pontotoc County, but have confined most of our investigation to felonies. We have had process issued for 163 witnesses, and have had before us 162 witnesses in person. In addition to the witnesses that appeared in person, we have examined the examining trial records in thirty-four cases that have been bound over from justice courts, also the testimony of a number of witnesses that have testified before the county attorney, under order of the county judge.

We have found and returned into court fifty-four true bills, of which number twenty-eight are for felonies and twenty-six are for misdemeanors, in some of these felony true bills there are more than one defendant named, making the number of persons indicted by us for felonies to be thirty-eight.

We recommend that the following witnesses be required by the court to show cause why they refused to appear before us, in obedience to the process: Kinney Stick, Conway; John Smith, Allen, and George Vaughn, Bebee.

We recommend that the county attorney file information in nine cases of jail breaking that were investigated by us, but too late to include in this report, also that he file an information in one case of impersonating an officer for the same reason.

We have failed to indict the following, who have been bound over by justices of the peace: R. M. Cummings and F. J. Kibbey, false pretenses; Will Alexander, adultery and assault with a dangerous weapon; Nick Woodridge, assault with a dangerous weapon; Lewis Page, perjury; J. S. and A. M. Morris, mortgaged property, and M. D. Chappell, one case of arson.

We have examined the jail and the prisoners and find the same to be in as good condition as is possible owing to the class of the building. We recommend the building of a jail at the earliest practical moment.

### Mahara's Minstrels.

Mahara's Minstrels, all colored, in their twentieth year of success. This is without a doubt the oldest colored minstrel company on the road. They have for years been making a tour of the country from one end of the United States to the other. The name Mahara is a household word, and wherever this show holds forth they are sure to have a rousing big house. The Maharas this season carry a dozen Creole girls who are a whole show by themselves. They put on a big singing chorus, thus giving twice the entertainment that the ordinary company does; besides this attraction they also have their own orchestra and band. Watch for the big parade that they present on the principal streets at about noon. They will give a performance at the opera house on Saturday, Nov. 7.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop's first pointed out this error. "Go to the weak of ailing nerves of those organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fall then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by G. M. Ramsey. 291mo

### The Only Authorized Version.

The ingenious unfolding of the story of the "Two Orphans" by many regarded as the most appalling story ever told in play form has been absorbing the attention of theater-goers for a quarter of a century, but the great play still holds its place among the most popular dramas of the day. It is welcome every season, and it is especially pleasing to learn that the production to be seen at the Airdome, Wednesday, Nov. 11th, is made with the only authorized Kate Claxton version. This alone gives the right and complete impression of the true greatness of this drama. In securing Miss Claxton's version, just as she developed it to perfection with her genius and years of experience, Mr. Conrad, the manager of the company which is to appear, laid the foundation for deserved success. At the Airdome, Wednesday, Nov. 11.

### IF WOMEN ONLY KNEW.

What a Heap of Happiness It Would Bring to Ada Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that backache pains come from sick kidneys, 't would save much needless woe. Doan's Kidney Pills cure sick kidneys. Ada people endorse this:

Mrs. S. M. Kyserm, living at 502 W. Main street, Ada, Okla., says: "Last summer I was suffering a great deal from a dull, heavy aching through my back and hips. I thought it was due to a cold settling on my kidneys, and was inclined to believe that it would soon disappear. The aching became more intense, how-troble developed. I then decided to give Doan's Kidney Pills a trial, and procured a box at G. M. Ramsey's drug store. After taking a few doses the trouble began to disappear. I conever, and other symptoms of kidney tinued using the remedy faithfully, until my difficulties were entirely removed. I am glad to state I have had no return of kidney complaint since."

### ADA LADIES RETURNED.

Mrs. Tom Hope, Late State Treasurer Women's Clubs Awarded Presidency.

Three days' session of the amalgamated Oklahoma and Indian Territory federations of Women's Clubs which were resolved into the Oklahoma Women's Federation of Clubs at Ardmore, was concluded Friday and the Ada attendants, of whom were Mesdames Tom Hope, W. W. Sledge and Henry M. Furman, have returned home.

It will be interesting and gratifying to Ada's social and literary public to be informed that Mrs. Tom Hope, the late treasurer of the Indian Territory federation, has been elected president of the Fourth Congressional District of the Oklahoma federation. Mrs. Hope is considered abroad one of the brightest and most attractive club women in Oklahoma, and such reputation is very compatible with the regard in which she is held by her home people.

The other Ada ladies attending the State Federation being Mesdames Sledge and Furman, it was only natural that one of the Ada number should secure the unanimous award of this presidency.

The court adjourned until Monday, when the criminal docket will be taken up and the third and last week devoted to clearing that as much as possible.

The case of J. M. Vernon against the O. C. railroad, resulted in a verdict for the latter. This made the second case against railroads won by them this term of court, wherein there were suits for damages.

ABOUT ADVERTISING—NO. 2

## The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a good will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—-independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised must rely upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables.

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him not to provide for the continuance of its income to his family.

### TENNESSEE NIGHTRIDERS.

Some of Those Under Arrest Sue Out Writs of Habeas Corpus.

Union City, Tenn., Nov. 6.—Eleven prisoners held in connection with night rider depredations in the Reelfoot Lake region, which culminated in the murder of Capt. Quentin Rankin, were brought in Judge Jones' court here today under heavy military guard. They had sued out writs of habeas corpus, charging that Gov. Patterson had violated his constitutional authority in ordering out the military to arrest them, and they were present for the hearing. Attorney Pierce for the defendants stopped proceedings, however, by a motion which was granted, that he be allowed to consult privately with his clients, a privilege which had been denied him at the military camp where the men have been detained. Court adjourned until tomorrow to allow the conference of Attorney Pierce, he desiring to talk with each defendant separately.

Judges Swigert and Moore, assistant counsel for the state, have each received anonymous letters warning them to desist from further connection with the case, and threatening their lives. A special representative of the postoffice department has reached Union City to investigate the matter of anonymous letters recently sent to Gov. Patterson and others connected with the prosecution.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of

the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## IT IS IN A MUDDLE

Guthrie Nov 6—It now develops the legislature made a blunder in submitting the agency which it carried to the courts may set aside the intent of those people voting against it. The statement is the legislature had no authority to submit through the referendum a law passed as an emergency also that in submitting it three questions were included whereas they should have been separated. It is safe to say 70 per cent of those voting against the agency did so under the belief a majority of votes against it would mean a repeal of the law and put the dispensary out of business. However, with the present complaint sustained by the courts only the extension of the system to towns less than 2000 people has been prohibited. The status of the question was discovered it is said by the Anti-Saloon League four weeks ago and

a request was then made to withdraw it but being a legislative matter no power other than the courts could accomplish this and the courts were not appealed to.

It may be stated more or less officially the administration favors permitting the intent of the legislature and the people to prevail but it is also intimated from other sources the Anti-Saloon League may have the question tested with the view of preserving the agency intact.

Guthrie Okla. Nov 6—Attorney General West will be asked to pass on the question that arises in connection with the assured defeat of the first state proposition the dispensary agency—whether as a matter of law the vote will eliminate the state agency entirely or permit its continuance.

The problem is engrossing democratic leaders. A party opinion upon the attitude the party will assume will, of course not be vouchsafed by any prominent leader tonight, be-

cause the whole question is too much up in the air.

From a purely legal standpoint, leaving out the probable wishes of position which will be taken by either of the parties is the state dispensary abrogated by the vote of disapproval the preponderance of which no one now can doubt? Some of the most prominent lawyers in the state say that it is not.

It must be understood that no attempt is being made to convey the impression that any responsible member of either party has tried to pledge the organization to a position on this delicate problem. The people have made their decision unmistakably plain judging from almost complete returns in the election. But the legal aspect must be considered because if the matter is brought into court it is that feature which will weigh.

One of the best known attorneys of Oklahoma said tonight.

The vote on the dispensary question is only a moral obligation absolutely no more. Why? Simply because an emergency bill such as the prohibition enforcement measure was cannot be submitted by the referendum.

Another legal reason advanced is that three questions separately defined, are included in the submission of the bill to the people. Whether the agency shall become a part of the constitution whether it shall be discontinued or remain as a statute.

Many democrats say that the party would not consider retaining the system since the people have declared against it. That however at the present is not the question. The burning issue to the state is whether there are legal grounds for bearing out the argument given above by lawyers whose opinion is held worth of consideration.

### Illinois to Be Contested.

Chicago Nov 6—The re-election of governor Charles S. Deneen will be contested according to a signed statement issued tonight by Charles Boeschestein chairman of the democratic state central committee. The statement follows.

I am convinced that with a correct count and an honest canvass A. V. Stevenson has a plurality of

the vote cast in the election last Tuesday for governor of Illinois. We will demand that the ballots be recounted.

Governor Deneen's plurality is estimated at from 23,000 to 26,000. Ben Atwell secretary explained that errors had already been discovered in several precincts and it was calculated that if only three ballots in each 4040 voting precincts in Illinois were taken from Deneen and given on recount to Stevenson the latter would seem to have won the election.

### Missouri Returns.

St. Louis Mo. Nov 6 A complete unofficial count of the senatorial ballot gives Senator Stone of plurality of 18,744 his nearest opponent being Gov. Folk who received 131,878 votes. Stone's total vote was 150,622. Lieut. Gov. John McKinley is the republican candidate.

Following results for Missouri State officials below governor: Lieutenant — Governor Painter.

He is again a Receptive Candidate and Will Announce.

Cincinnati Ohio Nov 6—While Senator Joseph B. Foraker is still silent on the subject it was learned today that he would in a day or two issue a statement in which he

will formally announce his candidacy for re-election to the United States senate

A close friend of Mr. Foraker says Mr. Foraker has more members in the general assembly pledged to him than any other candidate for the United States senatorship. If this proves to be true Senator Foraker will be a factor in the election of the next United States senator from Ohio even though he does not land in the position himself.

The streets of Ada are crowded today with farmers and the stores are doing a good business—especially those that are advertising.

But with it all don't forget importance of good roads—Denison Herald.

Yes, with good roads most any kind of administration of public affairs can be stood, if half way right.

Cannism was one of the issues of the late campaign and the republicans triumphed. The republican majority will re-elect Cannon as speaker. He is entitled to the honor according to popular verdict. Congress will appropriate funds for the creation of a greater navy and a larger standing army, and that iniquitous measure, the ship subsidy bill now has a chance for enactment. Billion dollar sessions of congress will hereafter become common—Oklahoman.

Well let em pile it on—the heavier the burden the quicker the people will come to a realization of what they are up against when republicans are continued in power indefinitely.

## PRESS COMMENT.

The London Times expresses pleasure over the election of Mr. Taft which is just about what might be expected of a paper that costs fifteen dollars a year—Dallas News.

The democrats should see to it that a big man is named as speaker in the next Oklahoma house. The people want business transacted in a business-like manner and are opposed to wrangling—Muskegon Times Democrat.

The conviction of Morse and Curtis was evidently warranted by the testimony. They are entitled to medals as the greatest frenzied financiers of modern times. Morse is especially entitled to favorable mention in this regard. Whether the conviction sticks or not he will wish he had not monkeyed with the national banking regulations before he is through with the matter—Denison Herald.

## ACTIVE DEMANDS FOR STOCKS.

General Improvement in Demand for Securities.

New York, Nov. 6.—There was an outburst of speculation in the stock market today which swept prices to higher levels in a sensational manner.

Commercial houses reported a large influx of buying orders from Western sources and from large Eastern cities. The industrial stocks were conspicuous—iron and steel issues in heavy demand. Railroads most affected were those which have not moved upward before in accord with the advance in the speculative leaders.

The speech of Judge Taft assuring non-interference with honest corporations was accepted as a motive for the buying. Reports of the placing of large orders in industrial lines were alleged. Activity in the metal market helped.

Settlement of the Lancashire cotton mill strike was expected to help the demand for cotton.

Many unverified rumors accompanied the animated speculation which had run up a total of three quarters of a million shares transferred by noon.

Advances of 2 to over 4 points were numerous all through the list of active stocks.

## FAMILY RELIGION

In the time of John Knox the General Assembly of the Church of Scotland provided that the head of the family if he neglected family worship should be reproved by the session and if he did not amend should be debarred from the Lord's Supper. One hundred years ago the General Assembly of the American Presbyterian Church declared that a Christian family living without family religion is a contradiction. It argues on the part of such professors an awful declension and a criminal dereliction of duty. Public opinion then approved of the mind of the church and helped to enforce its discipline. We believe that the family altar is not less essential to the wholesome life of the nation now than it was a century ago, but it needs a great revival of family religion to restore it to its rightful place. The Presbyterian Standard has done well to issue a special number devoted to this subject. It ought not to seem as quaint as it does to read these articles on The Father as Priest, the training of children in the Bible and in singing, the influence of family worship on the church and on the State, and on different ways of conducting it. Probably little good would be done by a church attempting to discipline its members for not maintaining daily family prayer. Some churches indeed would have to begin with the minister and deacons. But it might be helpful to commend publicly those who keep the custom. But it may be made a fruitful theme for the church prayer meeting just at this time—Ex.

## SEEK THE LORD

The humming bird is apparently one of the quickest in scenting what it loves and is good for it in the flowers as well as what is not. No bird shows its aversion to what is repulsive or even the absence of good to it, both so peremptorily and decisively. This is the bird that is as a lover of that which is palatable among the flowers, and a busy seeker after it over against the vulture that flies busily with head downward in search of carrion. The one illustrating those among men with a keen for the pure and sound, and the other that which is impure and unsound. It is deplorable that there are so many engaged with so great license and activity in exploiting the shortcomings of all sorts found in the lives of their fellows. Love rejoiceth not in iniquity. Faith purifieth the heart but it works by love—Ex.

# Weak Women

To weak and ailing women, there is but one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local, Dr. Shoop's Restorative, the Constitutional. The former Dr. Shoop's Night Cure is a topical remedy, reaching the seat of the trouble, the latter Dr. Shoop's Restorative is a general tonic, building up the system, restoring the vitality, and giving the system the power to resist disease. ## Grand Jury Report

In the District Court in and for the Eleventh Judicial District of the State of Oklahoma Held in Pontotoc County at the October term 1908

To the Honorable A T West Judge of Said Court

We, the grand jury, in the above court, hereby submit to your honor our final report We have been in session for nine days, and during that time we have examined into all classes of offenses committed and triable in Pontotoc County, but have confined most of our investigation to felonies We have had process issued for 168 witnesses, and have had before us 162 witnesses in person In addition to the witnesses that appeared in person, we have examined the examining trial records in thirty-four cases that have been bound over from justice courts also the testimony of a number of witnesses that have testified before the county attorney under order of the county judge

We have found and returned into court fifty-four true bills of which number twenty-eight are for felonies and twenty-six are for misdemeanors, in some of these felony true bills there are more than one defendant named making the number of persons indicted by us for felonies to be thirty-eight

We recommend that the following witnesses be required by the court to show cause why they refused to appear before us in obedience to the process Kinney Stock, Conway, John Smith Allen and George Vaughn, Bebee

We recommend that the county attorney file information in nine cases of jail breaking that were investigated by us, but too late to include in this report also that he file an information in one case of impersonating an officer for the same reason

We have failed to indict the following, who have been bound over by justices of the peace R M Cummings and F J Kibbey, false pretenses Will Alexander adultery and assault with a dangerous weapon Nick Woodriddle, assault with a dangerous weapon Lewis Page perjury J S and A M Morris, mortgaged property, and M D Chappell, one case of arson

We have examined the jail and the prisoners and find the same to be in as good condition as is possible owing to the class of the building We recommend the building of a jail at the earliest practical moment

ABOUT ADVERTISING—NO. 2

## The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a good will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—-independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised must rely upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him not to provide for the continuance of its income to his family.

### TENNESSEE NIGHTRIDERS.

Some of Those Under Arrest Sue Out Writs of Habeas Corpus.

Union City Tenn., Nov. 6.—Eleven prisoners held in connection with night rider depredations in the Reelfoot Lake region which culminated in the murder of Capt. Quentin Rankin were brought in Judge Jones court here today under heavy military guard. The had sued out writs of habeas corpus charging that Gov. Patterson had violated his constitutional authority in ordering out the military to arrest them and they were present for the hearing. Attorney Pierce for the defendants stopped proceedings however, by a motion which was granted, that he be allowed to consult privately with his clients a privilege which had been denied him at the military camp where the men have been detained. Court adjourned until tomorrow to allow the conference of Attorney Pierce be desiring to talk with each defendant separately. Judges Swigert and Moore, assistant counsel for the state have each received anonymous letters warning them to desist from further connection with the case, and threatening their lives. A special representative of the postoffice department has reached Union City to investigate the matter of anonymous letters recently sent to Gov. Patterson and others connected with the prosecution.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder and corrected that too frequent action of

the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

## IT IS IN A MUDDLE

Guthrie Nov 6—It now develops the legislature made a blunder in submitting the agency which if carried to the courts may set aside the intent of those people voting against it. The statement is the legislature had no authority to submit through the referendum a law passed as an emergency also that in submitting it three questions were included whereas they should have been separated. It is safe to say 70 per cent of those voting against the agency did so under the belief a majority of votes against it would mean a repeal of the law and put the dispensary out of business. However, with the present complaint sustained by the courts only the extension of the system to towns less than 2000 people has been prohibited. The status of the question was discovered it is said by the Anti-Saloon League four weeks ago and

a request was then made to withdraw it but being a legislative matter no power other than the courts could accomplish this and the courts were not appealed to.

It may be stated more or less officially the administration favors permitting the intent of the legislature and the people to prevail but it is also intimated from other sources the Anti-Saloon League may have the question tested with the view of preserving the agency intact.

Guthrie Okla Nov 6—Attorney General West will be asked to pass on the question that arises in connection with the assured defeat of the first state proposition the dispensary agency—whether as a matter of law the vote will eliminate the state agency entirely or permit its continuance.

The problem is engrossing democratic leaders. A party opinion upon the attitude the party will assume will, of course not be vouchsafed by any prominent leader tonight, be-

cause the whole question is too much up in the air.

From a purely legal standpoint, leaving out the probable wishes of position which will be taken by either of the parties is the state dispensary abrogated by the vote of disapproval the preponderance of which no one now can doubt? Some of the most prominent lawyers in the state say that it is not.

It must be understood that no attempt is being made to convey the impression that any responsible member of either party has tried to pledge the organization to a position on this delicate problem. The people have made their decision unmistakably plain judging from almost complete returns in the election. But the legal aspect must be considered because if the matter is brought into court it is that feature which will weigh.

One of the best known attorneys of Oklahoma said tonight:

The vote on the dispensary question is only a moral obligation absolutely no more. Why? Simply because an emergency bill such as the prohibition enforcement measure was cannot be submitted by the referendum.

Another legal reason advanced is that three questions separately defined, are included in the submission of the bill to the people whether the agency shall become a part of the constitution whether it shall be discontinued or remain as a statute.

Many democrats say that the party would not consider retaining the system since the people have declared against it. That however at the present is not the question. The burning issue to the state is whether there are legal grounds for bearing out the argument given above by lawyers whose opinion is held worthy of consideration.

### Illinois to Be Contested.

Chicago Nov 6—The re-election of governor Charles S. Deneen will be contested according to a signed statement issued tonight by Charles Boeschstein chairman of the democratic state central committee. The statement follows:

I am convinced that with a correct count and an honest canvass A. N. Stevenson has a plurality of

the vote cast in the election last Tuesday for governor of Illinois. We will demand that the ballots be recounted.

Governor Deneen's plurality is estimated at from 23,000 to 26,000. Ben Atwell secretary explained that errors had already been discovered in several precincts and it was calculated that if only three ballots in each 4940 voting precincts in Illinois were taken from Deneen and given on account to Stevenson the latter would seem to have won the election.

### Missouri Returns.

St. Louis Mo Nov 6 A complete unofficial count of the senatorial ballot gives Senator Stone of plurality of 18,744 his nearest opponent being Gov. Folk who received 131,378 votes. Stone's total vote was 150,822. Lieut. Gov. John McKinley is the republican candidate.

The streets of Ada are crowded today with farmers and the stores are doing a good business—especially those that are advertising

But with it all don't forget importance of good roads—Denison Herald

Yes, with good roads most any kind of administration of public affairs can be stood, if half way right.

Cannonism was one of the issues of the late campaign and the republicans triumphed. The republican majority will re-elect Cannon as speaker. He is entitled to the honor, according to popular verdict. Congress will appropriate funds for the creation of a greater navy and a large standing army, and that iniquitous measure, the ship subsidy bill, now has a chance for enactment. Billion dollar sessions of congress will hereafter become common—Oklahoman

Well, let em pile it on—the heavier the burden the quicker the people will come to a realization of what they are up against, when republicans are continued in power indefinitely

## ACTIVE DEMANDS FOR STOCKS.

General Improvement in Demand for Securities.

New York, Nov 6—There was an outburst of speculation in the stock market today which swept prices to higher levels in a sensational manner

Commercial houses reported a large influx of buying orders from Western sources and from large Eastern cities. The industrial stocks were conspicuous. Iron and steel issues in heavy demand. Railroads most affected were those which have not moved upward before in accord with the advance in the speculative leaders

The speech of Judge Taft assuring non-interference with honest corporations was accepted as a motive for the buying. Reports of the placing of large orders in industrial lines were alleged. Activity in the metal market helped

Settlement of the Lancashire cotton mill strike was expected to help the demand for cotton

Many unverified rumors accompanied the animated speculation which had run up a total of three quarters of a million shares transferred by noon

Advances of 2 to over 4 points were numerous all through the list of active stocks

## FAMILY RELIGION

In the time of John Knox the General Assembly of the Church of Scotland provided that the head of the family if he neglected family worship should be reproved by the session and if he did not amend should be debarred from the Lord's Supper. One hundred years ago the General Assembly of the American Presbyterian Church declared that "a Christian family living without family religion is a contradiction. It argues on the part of such professors an awful declension, and a criminal dereliction of duty." Public opinion then approved of the mind of the church and helped to enforce its discipline. We believe that the family altar is not less essential to the wholesome life of the nation now than it was a century ago, but it needs a great revival of family religion to restore it to its rightful place. The Presbyterian Standard has done well to issue a special number devoted to this subject. It ought not to seem as quaint as it does to read these articles on The Father as Priest, the training of children in the Bible and in singing, the influence of family worship on the church and on the State, and on different ways of conducting it. Probably little good would be done by a church attempting to discipline its members for not maintaining daily family prayer. Some churches indeed would have to begin with the minister and deacons. But it might be helpful to commend publicly those who keep the custom. But it may be made a fruitful theme for the church prayer meeting just at this time—Ex.

SEEK THE LORD

The humming bird is apparently, one of the quickest in scenting what it loves and is good for it in the flowers, as well as what is not. No bird shows its aversion to what is repulsive or even the absence of good to it, both so peremptorily and decisively. This is the bird that is seen as a lover of that which is palatable among the flowers, and a busy seeker after it, over against the vulture that flies busily with head downward in search of carrion. The one illustrating those among men with a keen for the pure and sound, and the other, that which is impure and unsound. It is deplorable that there are so many engaged with so great license and activity in exploiting the shortcomings of all sorts found in the lives of their fellows. Love rejoiceth not in iniquity. Faith purifieth the heart, but it works by love—Ex

## Weak Women

To weak and ailing women, there is at least one way to help. Run with that way, two treatments must be continued. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Health Coffee is the constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Health Coffee is wholly an internal tonic. The latter—Dr. Shoop's Health Coffee—purifies the entire system, seeking the repair of all nerve, all tissue, and all blood elements. The Night Cure, as its name implies, does the work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Health Coffee, taken during the day, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Night Cure—Tablets or Liquid—on a general basis to the system. For positive local help, use as well.

Grand Jury Report.  
In the District Court in and for the Eleventh Judicial District of the State of Oklahoma Held in Pontotoc County at the October term 1908

To the Honorable A T West Judge of Said Court

We, the grand jury, in the above court, hereby submit to your honor our final report We have been in session for nine days, and during that time we have examined into all classes of offenses committed and triable in Pontotoc County, but have confined most of our investigation to felonies We have had process issued for 163 witnesses, and have had before us 162 witnesses in person In addition to the witnesses that appeared in person, we have examined the examining trial records in thirty-four cases that have been bound over from justice courts also the testimony of a number of witnesses that have testified before the county attorney under order of the county judge

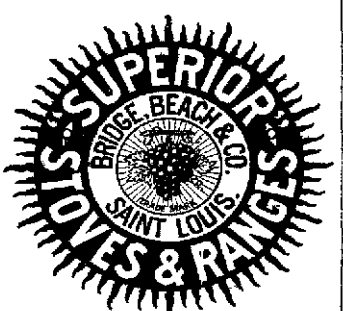

We have found and returned into court fifty-four true bills of which number twenty-eight are for felonies and twenty-six are for misdemeanors, in some of these felony true bills there are more than one defendant named making the number of persons indicted by us for felonies to be thirty-eight

We recommend that the following witnesses be required by the court to show cause why they refused to appear before us in obedience to the process Kinney Stick, Conway, John Smith Allen and George Vaughn, Beebe

We recommend that the county attorney file information in nine cases of jail breaking that were investigated by us, but too late to include in this report also that he file an information in one case of impersonating an officer for the same reason

We have failed to indict the following, who have been bound over by justices of the peace R M Cummings and F J Kibbey false pretenses Will Alexander adultery and assault with a dangerous weapon Nick Woodridge, assault with a dangerous weapon Lewis Page mortgaged property, and M D Chappell, one case of arson

We have examined the jail and the prisoners and find the same to be in as good condition as is possible owing to the class of the building We recommend the building of a jail at the earliest practical moment

It isn't so difficult to strengthen a weak stomach if one goes at it correctly And this is true of the heart and kidneys The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr Shoop's first pointed out this error "Go to the weak of ailing nerves of those organs," said he Each inside organ has its controlling or "inside nerve" When these nerves fall then those organs must surely falter This vital truth is leading druggists everywhere to dispense and recommend Dr Shoop's Restorative A few days test will surely tell! The Only Authorized Version.  
The ingenious unfolding of the story of the Two Orphans by many regarded as the most appalling story ever told in play form has been absorbing the attention of theater-goers for a quarter of a century but the great play still holds its place among the most popular dramas of the day It is welcome every season and it is especially pleasing to learn that the production to be seen at the Airdome Wednesday Nov 11th is made with the only authorized Kate Claxton version This alone gives the right and complete impression of the true greatness of this drama In securing Miss Claxton's version, just as she developed it to perfection with her genius and years of experience, Mr Conrad, the manager of the company which is to appear, laid the foundation for deserved success At the Airdome, Wednesday, Nov 11

ABOUT ADVERTISING—NO. 2

## The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a good will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—-independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised must rely upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him not to provide for the continuance of its income to his family.

### TENNESSEE NIGHTRIDERS.

Some of Those Under Arrest Sue Out Writs of Habeas Corpus.

Union City Tenn, Nov 6—Eleven prisoners held in connection with night rider depredations in the Reelfoot Lake region which culminated in the murder of Capt. Quentin Runkin were brought in Judge Jones court here today under heavy military guard. The had sued out writs of habeas corpus charging that Gov. Patterson had violated his constitutional authority in ordering out the military to arrest them and they were present for the hearing. Attorney Pierce for the defendants stopped proceedings however, by a motion which was granted, that he be allowed to consult privately with his clients a privilege which had been denied him at the military camp where the men have been detained. Court adjourned until tomorrow to allow the conference of Attorney Pierce he desiring to talk with each defendant separately.

Judges Swigert and Moore, assistant counsel for the state have each received anonymous letters warning them to desist from further connection with the case, and threatening their lives. A special representative of the postoffice department has reached Union City to investigate the matter of anonymous letters recently sent to Gov. Patterson and others connected with the prosecution.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W Y Littlefield, living on W 16th street Ada, Okla., says "I procured Doan's Kidney Pills at G M Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder and corrected that too frequent action of

the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."
